Notes:

- The tuition fees given above are valid for the 2017-18 Academic Year new registrations and students who first registered in 2016 - 17 Academic Year.
- Tuition fees do not include funds (health insurance, social activity fee, etc.)
- PhD students pay for the thesis registration for the first time in the semester they register for the Qualifying Exam and all other semesters following it.
- Each semester, students have to renew their registration with the University.
- Semester fee calculation: per course fee x number of courses + thesis fee (if registered) + funds
- The fees presented in the table include book fees for students who will register for ENGL 509 and ENGL 511 English courses.
However, students on tuition fee scholarship are required to pay the mentioned book fees separately since the scholarship only covers tuition fee reduction.
- New students will need to deposit 2500 USD in order to get a confirmation of payment letter for visa purposes (please see your letter of admission).
- For students who do not require a new visa, you will need to deposit the tuition fee at least for two courses plus the additional funds.
- If you register for more than two courses, you will need to make the additional payment for the extra courses. If you register for fewer courses than your deposit, the remainder of your deposit will be available for use in the future course registrations.
- Please regularly check your financial and academic information on your online student portal.
