Book fee for ENG 511 , ENGL509 English Support	12.000 TL	250 USD	12.000 TL	250 USD	250 USD

Important Notes:

1. The tuition fees are for all graduate students who will register for the first time or renew their registrations for 2026-27 Academic Year Fall or Spring terms. Each semester, students have to renew their registration with the University.

2. [1] Tuition fees do not include Student Services Fund , Registration fee and English Book Fees for ENGL 509 and ENGL 511 courses. The fund and book fees are given in the fee table.

3. New students need to deposit minimum one course fee (without scholarship) plus fund and registration fee at first enrolment to University. (i.e.: 1800 USD (1000$+400$+400$) Following your course registration, the rest of the tuition fee needs to be paid (if not paid at the beginning of registration) by the end of the first week, following the last day of the course add-drop period. Late payment interest is applied for the outstanding payments.

4. Each student is required to check their financial and academic information on Student's Portal, (http://student.emu.edu.tr), regularly.

5. Master's program (with thesis) students are required to register for thesis study latest by third semester. For each registration, thesis fee must be paid.

6. Phd students are required to register for thesis study latest by third semester on no cost until the semester where the qualifying exam will be taken . In that semester, the thesis fee will cover both thesis and qualifying exam registration. Afterwards, thesis registartion will be on cost for each term.

7. Semester fee calculation: per course fee x number of courses + thesis fee (if registered) + funds.

8. [2] The fees presented in the table DOES NOT include book fees for students who will register for ENGL 509 and ENGL 511 English courses. The book fee is presented in the fee table The students who are on scholarship also needs to pay the book fee since the scholarship only covers tuition fee.

9. [4] Registration fee per course , given in the table defines 3 credit courses. For courses less than 3 credits in the translational medicine program, the calculation will be done according to this formula:
((course credit no. / 3) x normal course fee)

10. Scholarship is valid only on course registrations. In cases such as freezing the term the scholarship is not applied.
